Frequently Asked Questions

Zinio.com Personal Reading Account - Create an Account/Log In

1) What is the Zinio.com Personal Reading Account?

The Zinio.com personal “Reading List” account is the second account required to view/read the checked out magazines. All reading is done within the Zinio.com personal “Reading List” account. The Zinio.com personal reading account is available for desktop and mobile app access and manages the checked out magazines and provides the viewers to read the magazines. This account is separate from the library collection account (the first account created to check-out the magazines from the library.)

The Zinio.com personal “Reading List” account is a regular Zinio.com account used by both the library borrower and the paying-consumer on Zinio.com. You as a borrower can activate your Zinio.com personal “Reading List” account without entering any consumer/financial information.

2) Why do I need another account to read the magazines?

The Zinio.com personal “Reading List” account enables you to manage and read your personal checked out magazines. If you already have (or chooses to) subscribe to additional consumer-purchased magazines, the library checked out magazines and the purchased magazines will merge together in your Zinio.com personal “Reading List” account.

Yes, it is essential you use the same email address to connect the checked out library collection magazines with the Zinio.com personal “Reading List” account.

4) I logged in, but now I see a Zinio.com page asking me to pay for the magazine?

This should not happen, but if it does, the most likely reason is during the check-out process and logging into the Zinio.com personal reading account, you have signed in from the consumer/commercial log in location – and not the library check-out tied space.

5) I logged in, but I do not see the magazine I checked out?

The magazine you checked out may not be the newest magazine issue by release date in your personal collection. Your Zinio.com personal “Reading List” account sorts the magazines by the newest issues. You can select the drop down option to see all your magazines – or – change the order of the magazines from date order to ‘unread first’.

6) Where are my magazines stored?

Magazines are stored online for streaming. Your Zinio.com personal “Reading List” points to the global secure server that stores all the issues.

If you download a magazine via one of the apps, the magazine issue will then be stored on the downloaded device. Typical storage size is 20-50MB up to 100MB or more storage space per issue.

Frequently Asked Questions

19) A title I have checked out is not appearing on my iPhone or Android mobile device. Why?

It may take longer for Zinio to format titles for small screen mobile devices because of the “Text Flow” functionality they use for those devices. Text Flow allows users to read the text only in an article (like an eBook with no pictures) giving a better experience.

During the check-out process all the apps available for the magazine are listed. Here you can check whether your device is supported for that magazine.

Managing Personal Magazine Issues - Online Collection

1) Is there an online magazine quantity limit for my Zinio.com Personal Account collection?

There is no limit.

2) How do I remove a magazine from my online collection?

Select ‘edit your reading list’ and your collection will update with an ‘x’ over each magazine issue. Click the ‘x’ on the magazine to remove and it will be removed from your online collection.

3) If I remove a magazine from my online collection, does it remove the magazine from the apps?

No, removing a magazine from the online collection does not remove it from the apps; and vice versa.

When a magazine is checked out on your library’s collection page (before you complete checkout) the available apps and reading options are displayed.

Magazines generally may be read online or offline via apps. If a magazine requires to only be read offline via an app there will be a message over the cover the magazine when you hover over the cover with the cursor and you will be advised that the title “requires Zinio Reader 4 to view...”.

Troubleshooting

1) I just created a new Zinio.com account and received an email with a voucher for the Zinio.com store. Why am I receiving this as I set up my account through my library.

The email voucher is a standard welcome benefit from Zinio.com for both retail customers and library members. This email voucher is automatic and not related to your account preferences where you may have deselected “let Zinio decide” or other email notification options.

2) When I click on a magazine on my Library’s Collection page, why am I seeing the message “Sorry. This digital magazine offer or download page cannot be found”?

First check whether someone else is already logged into their Zinio.com account on your computer/device by going to zinio.com from your browser. If someone else is logged in you’ll see their name in the top right corner. Click “Log out” and return to your library’s collection page to try and check out the magazine again.

If you still receive the message, check that the email on your library's Zinio Collection page matches your Zinio.com account. These email addresses must be the same so the accounts link together. Please contact Ziniosupport@wfhowes.co.uk if you need us to change your library’s collection page account email address.

The magazine may have already been subscribed to (checked out) from the library's Zinio Collection page. The magazine will appear on your Zinio.com “Reading List” page. Magazines are displayed 12 per page, with a Next button in the lower right hand corner of the page in small print.

Or, you may have previously selected the magazine, but removed it from your “Reading List” account. You can access magazines that have been removed from your Reading List and add them back on the Zinio.com website. While logged into your account at Zinio.com in the Read tab, select "View Removed" from the drop down list that defaults to "View All Titles". When the list loads, click on the red button to "Edit your reading list". Click on the + sign over the magazines you would like to add back to your Reading List. Click Done when you are finished.

3) I have selected a title that says “Download Reader 4 to Read”. What does this mean?

Some publishers only allow their magazines to be read via download and not via the online reader. These titles require you to download the Zinio Reader 4 software app to their PC, Mac or mobile device in order to read the magazine. Clicking on the image of the magazine initiates the download process on your desktop. To install the app on your smartphone or tablet, go to your device’s app store and download free of charge by searching for Zinio.

If you have already have Reader 4 installed on your PC/Mac or mobile device, you just need to login to your Reader 4 app to read the magazine (you will not be able to read the magazine in your Zinio.com “Reading List”).
