# Speechie Library Talk

[Back to search](#)

Would you like to help to develop your child's language and literacy skills?

Listening, understanding, and speaking skills are important for good literacy.

Speech pathologists work with children and families to help to build the foundations on which literacy skills develop and help support a healthy transition into literacy.

Tune in to meet your local speech pathologist - Kelly Smith of Marathon Health, enjoy a reading of one of Speech Pathology Australia's Book of the Year winning books and find out more about how you can support your child's language and literacy development at home.

This session will take place online using Zoom. If you require assistance please contact us.

Tickets are free but registration is required.
